

Title: JAVA Software Developer

Skills: Experience in Java, dynamic web application user interface design, Javascript, Javascript frameworks, JSP, open source development, and XML.

Job Description:

Synesis7 provides software engineering, research and development, and consulting services and products to government customers in support of their operations, logistics, training, technical data transformation, and data sustainment environments. You will be part of a team responsible for all aspects of integrative solutions, services, and product development and delivery. Our teams provide custom software engineering and development, research and development, integration, and data transformation and support services from our headquarters in Butte, MT. We are looking for a self-motivated person who can work well with teams as well as independently. The candidate must be able to make an immediate contribution in performing software design, development, testing, documentation, and implementation support for (supporting both internal R&D and in delivering highest quality customer-specified solutions). Candidate must be willing to travel.

Requirements and Details:

- Hands-on experience as a software designer/developer
- Experience with web based enterprise systems design, development, and support
- Experience with Java, dynamic web application user-interface design, Javascript, open source development, and XML.
- Show examples of previous projects demonstrating required skills
- Cross platform experience.
- Must be a US Citizen (Department of Defense contractor)
- Work location: Butte, MT
- Full-Time position offering a flexible – open work environment, comprehensive health benefits, and competitive compensation based on experience

Based in Butte, Montana, Synesis7 is located five miles from the Continental Divide, close to skiing, hiking, National Forests, several blue-ribbon fishing locales, and a 2 ½ hour drive to Yellowstone National Park. Centrally located in Southwest Montana where Interstates 15 and 90 converge, we are situated between Missoula, Bozeman, and Helena.

How to apply:

Please send resume to hr@synesis7.com.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, or veteran status.
